

Gentlemen:

It is my pleasure to have the opportunity to recommend Warm Brother Construction for your project. As a project manager for the Bureau of Workers Compensation, I have had two occasions to work with Warm Brothers Construction. Although both experiences have been positive, it was on my second occasion that I worked with Mr. Jim Kelly, President, on our New Fairfield Service Office.

Warm Brothers successfully renovated our 30,000 square foot facility in 60 days, thereby, allowing us to relocate on time and on budget. Warm Brother's Construction proved to be an effective customer oriented general contractor.

With regard to my recent and past experience with Warm Brothers Construction and their staff, I would not hesitate to have them for my next project.

Respectfully,

Francesco Iannaggi
Designer Specialist
