Attention Jim Kelley,

I want to thank you again for a Project well done. You completed the building addition for G E at 199 Container Place on time, within budget and the Quality workmanship was outstanding. Your timeliness and professional approach by your personnel is appreciated.

You have completed other major construction Projects in the past for us at G E and I look forward to working with you on future Projects. Your past two building renovations and this recent project have all been recognized by G E Management as professional and more important, meeting critical deadline dates has helped or Operation.

Thanks Again
