Re: The Fifth Third Bank  
Reading Branch

Gentlemen:

As the Reading project draws to a close, we would like to take this opportunity to extend to you all our appreciation for a job well done.

The entire construction phase was handled in a most professional manner. We are particularly grateful to Bob Bailey for his fine level of interest, concern, and cooperation. We appreciate his courtesy and the businesslike manner in which he handled the daily operations.

We look forward to the opportunity of working with Warm Bros. on other projects.

Sincerely,

  
Jack R. Gore
