Dear Mr. Warm,

I want to complement your company's work on the Ohio University College of Osteopathic Medicine Medical Education Building at Grandview Hospital in Dayton, Ohio. I am especially impressed by your Superintendent, Tom Trimbach. He was always cheerful, listened to my concerns and always followed through on any problems that we encountered. I really enjoyed working with him.

Again, thank you for completing this project in a timely and professional manner. I would certainly be willing to recommend your company to anyone.

Sincerely,

Mary L. Theodoras, D.O.,
Regional Assistant Dean
